Protects Water Using Equipment
Suitable for Sensitive Plants

BRITA | PRO®

Unleash the Purest Taste & Crystal-Clear Water for Your Kitchen

INVEST IN YOUR FAMILY'S HEALTH.

Contact us for a consultation and start experiencing the benefits of clean water.

DUAL-OUTLET WATER PURITY

Two dedicated treated water outlets deliver the right level of filtration for every need—carbon-filtered water for great taste and reverse osmosis–filtered water for ultimate purity.

SMART SYSTEM MONITORING & CONTROL

Integrated smart monitoring tracks system performance, TDS levels, and filter life while automatically adjusting flow rates to optimize efficiency and maintain consistent water quality.

ADVANCED LEAK PROTECTION & SAFETY

Automatic ceramic valve shutoff, leak detection, and a one-piece internal manifold work together to minimize leak points and protect your home from unexpected water damage.

EFFICIENT WASTEWATER & MEMBRANE MANAGEMENT

Smart wastewater control, fast rinse technology, and auto/manual flush options reduce water waste, prevent TDS creep, and extend the life of the RO membrane.

HASSLE-FREE, USER-FRIENDLY MAINTENANCE

Quick-change filters, automatic water shutoff during filter changes, and clear life indicators make maintenance fast, clean, and worry-free—no tools or guesswork required.
