PLATINUM SERIES

TITANIUM LT DUO/2-STAGE

Whole House Filter
FLEXIBLE
CUSTOMIZED
FILTRATION

BRITA|PRO®

THROUGHOUT YOUR HOME.
THROUGHOUT YOUR LIFE.

+ ENJOY CLEANER, PURER WATER

Dual gradient filtration for coarse and fine particles
NSF/ANSI certified for safety
Economical pre-filtration solution
Reduces hard water issues
Protects pipes and appliances
Removes chlorine, chloramines, and VOCs
Enhances water taste and odor
Removes a wide range of contaminants (including lead, PFAS, and pharmaceutical compounds)

+ KEY BENEFITS

Cleaner, healthier water
Longer filter life
High flow rate
Eco-friendly

+ Contaminant reduction and removal dependent on system filter configuration.

BRITA | PRO®

Customized Flexibilty for You: Mono, Duo, Trio System Combinations

INVEST IN YOUR FAMILY'S HEALTH.

Contact us for a consultation and start experiencing the benefits of clean water.

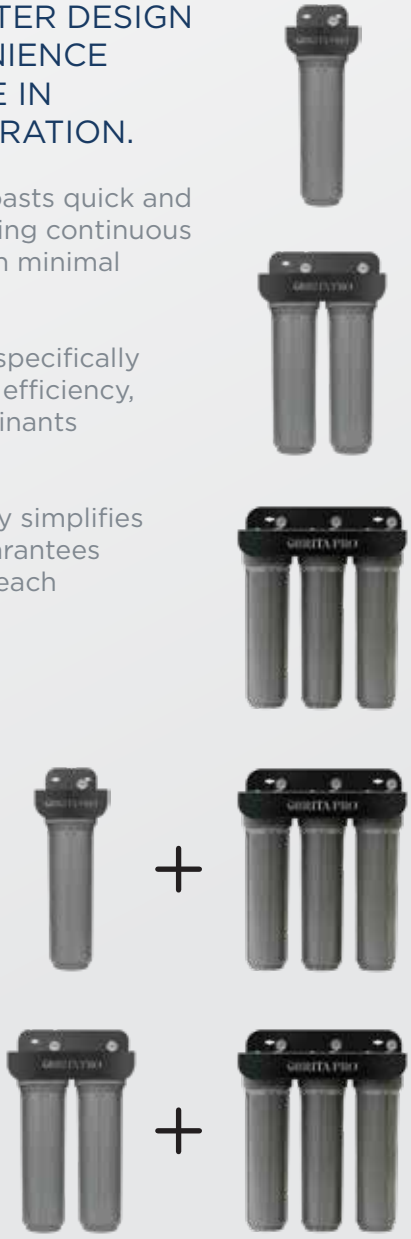

OUR UNIQUE CANISTER DESIGN REDEFINES CONVENIENCE AND PERFORMANCE IN WHOLE-HOUSE FILTRATION.

This innovative system boasts quick and easy filter changes, ensuring continuous top-tier water quality with minimal downtime.

Each modular canister is specifically engineered for maximum efficiency, targeting distinct contaminants effectively.

This smart design not only simplifies maintenance but also guarantees optimal performance for each specialized filter type.

You gain the flexibility to upgrade or replace individual filters as your water needs evolve, ensuring your system remains perfectly adapted to provide pristine water throughout your home, year after year.

BRITA PRO® QUALITY FILTER OPTIONS

TITANIUM LT DUO/2-STAGE | Whole House Filter

SEDIMENT FILTER | Capture Unwanted Particles for Cleaner Water

Enjoy cleaner, clearer water throughout your home. This first stage of filtration effectively traps unwanted particles before they reach your faucet.

- *Targeted Filtration:* The dual gradient design removes coarse and fine particles using a graded density sediment filter and a high-efficiency depth filter.
- *Superior Performance:* This filter boasts a greater dirt holding capacity and surface area, leading to longer life and sustained performance.
- *Enhanced Water Flow:* By reducing particle loading, this filter allows for higher water flow rates, ensuring you don't experience a drop in water pressure.
- *Cost-Effective in the Long Run:* While the initial installation cost can be higher than a point-of-use filter, you'll save money in the long run compared to continually buying bottled water.
- *Trusted Quality:* This system is manufactured in an IAPMO certified facility and certified by IAPMO R&T to meet **NSF/ANSI Standard 42**, certified by IAPMO R&T to meet **NSF/ANSI Standard 61**, giving you the assurance of a safe and reliable product for significantly reducing particulates throughout your home.

POLYPHOSPHATE FILTER | Fight Hard Water and Protect Your Pipes

Experience the benefits of softer water without the environmental impact

- *Say Goodbye to Hard Water Issues:* This filter tackles common hard water concerns like iron, manganese, calcium, and other inorganic contaminants.
- *Protect Your Pipes and Appliances:* By reducing scale buildup, this filter safeguards your pipes, water-using appliances, and plumbing system from the damaging effects of hard water and metals.
- *Maintain Clean Water Quality:* The Polyphosphate Filter helps maintain cleaner water throughout your system, potentially inhibiting corrosion, scale formation, and biofilm growth. Additionally, it may contribute to reduced lead and copper levels.
- *Eco-Friendly and Economical Choice:* This filter offers a more environmentally friendly and cost-effective alternative to traditional water softeners.

CHLORINE & CHLORAMINE FILTER | Experience Fresher, Cleaner Water

Enjoy Refreshingly Clean Water, Free from Chlorine and Chloramines

- *Eliminate Unpleasant Tastes and Odors:* This filter effectively reduces chlorine and chloramines, common culprits behind unpleasant tastes and odors in your tap water. Experience the difference of fresh, cleaner-tasting water in every sip.
- *High-Quality Filtration:* Made with premium coconut shell carbon, this filter effectively removes not only chlorine and chloramines but also bad tastes, odors, and volatile organic compounds (VOCs) for a cleaner, more enjoyable drinking experience.
- *Reduces Plastic Bottle Waste:* By having cleaner, better-tasting water on tap, you'll be less likely to rely on bottled water, which reduces plastic waste.
- *Cold Water Use Only:* Please note that this filter is designed for cold water use only.
- *Trusted Quality:* This system is manufactured in an IAPMO certified facility and certified by IAPMO R&T to meet **NSF/ANSI Standard 42** giving you the assurance of a safe and reliable product for significantly reducing chlorine and chloramines throughout your home.

BRITA PRO® SPECIALTY FILTER OPTIONS

TITANIUM LT DUO/2-STAGE | Whole House Filter

LEAD & VOC FILTER | Safeguard Your Water and Savor Freshness

Whole house lead water filters offer significant benefits for your health and plumbing system, especially if you live in a home at risk of lead contamination

- *Reduced Lead Exposure:* The primary benefit is removing lead from your entire home's water supply. Lead exposure can cause serious health problems, particularly for children and pregnant women, and a whole house filter can significantly reduce this risk. This filter boasts exceptional performance in removing lead particles at various water pH levels (both 6.5 and 8.5 pH).
- *Multi-Stage Protection:* This advanced filter tackles a wide range of contaminants, including lead, disinfection byproducts, trihalomethanes, and many other undesirable and potentially harmful compounds.
- *Removes Microscopic Contaminants:* With the ability to reduce compounds down to 0.5 microns, this filter provides exceptional protection against a broad spectrum of impurities.
- *High-Quality Coconut Shell Carbon:* Made with premium materials, this filter effectively removes not only contaminants but also unpleasant tastes and odors, ensuring fresh, clean-tasting water for your family.
- *Cold Water Use Only:* Please note that this filter is designed for cold water use only.
- *Trusted Quality:* This system is manufactured in an IAPMO certified facility and certified by IAPMO R&T to meet **NSF/ANSI Standard 42**, certified by IAPMO R&T to meet **NSF/ANSI Standard 53**, giving you the assurance of a safe and reliable product for significantly reducing lead and VOC's.

PFAS & PHARMACEUTICAL FILTER | Safeguard Your Water from Emerging Contaminants

Experience unparalleled protection with the Brita PRO PFAS & Pharmaceutical Filter

- *Multi-Threat Defense:* This innovative filter goes beyond traditional filtration by addressing emerging contaminants like PFAS ("forever chemicals") including PFOA and PFOS. It also removes a variety of pharmaceutical compounds, offering a multi-layered defense for your water.
- *Reduced PFAS Exposure:* The primary benefit is removing PFAS (per- and polyfluoroalkyl substances) from your water supply. PFAS are linked to various health problems, and a whole house filter can significantly reduce your exposure.
- *Micron-Level Protection:* With the ability to reduce compounds down to 1 micron, this filter provides exceptional protection against a wide range of contaminants.
- *Cold Water Use Only:* Please note that this filter is designed for cold water use only.
- *Trusted Quality:* This system is manufactured in an IAPMO certified facility and certified by IAPMO R&T to meet **NSF/ANSI Standard 401**, certified by IAPMO R&T to meet **NSF/ANSI Standard 42**, certified by IAPMO R&T to meet **NSF/ANSI Standard 53**, giving you the assurance of a safe and reliable product for significantly reducing PFAS and pharmaceuticals throughout your home.

CHLORINE/CHLORAMINE PLUS FILTER | Experience Fresher, Cleaner Water Faster

Enjoy Refreshingly Clean Water, Free from Chlorine and Chloramines, Quicker Than Ever

- *Superior Taste and Odor Reduction:* This filter effectively tackles chlorine and chloramines, the culprits behind unpleasant tastes and odors in your tap water. Experience the difference of fresh, clean-tasting water in every sip, and faster than with conventional carbon filters.
- *Advanced Catalytic Carbon:* Made with high-quality catalytic carbons, this filter boasts faster reaction rates to remove not only chlorine and chloramines but also bad tastes, odors, and volatile organic compounds (VOCs) for a cleaner, more enjoyable drinking experience.
- *Cold Water Use Only:* Please note that this filter is designed for cold water use only.
- *Trusted Quality:* This system is manufactured in an IAPMO certified facility and certified by IAPMO R&T to meet **NSF/ANSI Standard 42** giving you the assurance of a safe and reliable product for removing chlorine and chloramines.
