PRODUCT SPECIFICATIONS

SYSTEM TYPE Point of Use

CATEGORY Platinum Series / Reverse Osmosis

SYSTEM PARAMETERS

4-STAGE QUICK TWIST

Reduces Lead, Arsenic, Taste and Odor

Features

- High performance filters
- Designer Lead Free Faucet provides elegance and durability
- SHOK BLOK™ system protection valve
- 4.5 gallon storage tank
- Parts made with NSF approved material
- FLOWLOK™ Leak Detector Water Shut Off Valve
- Quick and easy filter changes, no tools required
- Durable UV resistant plastic reduces yellowing

Configured with accessories

Benefits

- Easy Installation
- Eliminate up to 99% of dissolved solids, chlorine, fluoride, microorganisms and heavy metals such as barium, cadmium, lead and mercury
- Can be used to supply filtered water to a refrigerator ice-maker/water-dispenser by inserting a branch tube fitting (sold separately)
- Quick-Connect in/out connection points for easy installation
- Complete installation kit and product manual included with every system

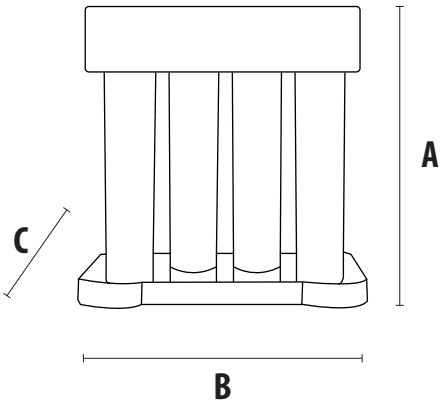

Clarifications

SHOK BLOK™ - A system protection valve designed to protect your water system from water hammer and spikes in water pressure.

FLOWLOK™ - A unique device that works through a special compressed fabric disc that expands upon contact with water. If the Flowlok disc detects water it expands and pushes the shut off lever to turn the water off to the system.

⚠ CAUTION: **DO NOT** use with water that is microbiologically unsafe or of unknown quality, without adequate disinfection before or after the system.

System Dimensions

System Specifications

Model Number	BPQCRO-75
Prefilter: 5 micron Sediment	BPGT-SED5-75
Prefilter: 5 micron Carbon Block	BPGT-CB5-75
Membrane: 50 gallon per day	BPGT-TW75
Filter: Carbon post/polishing	BPGT-CB5P-75
A measurement	15 in / 381 mm
B measurement	14.6 in / 370.8 mm
C measurement	4.6 in / 116.8 mm
