Point of Use

CATEGORY

Platinum Series / Reverse Osmosis

SYSTEM PARAMETERS

TANKLESS RO
Improves Taste, Reduces Odor

PRODUCT FEATURES

- **Dual Treated Water Outlets:** OUTLET 1 → Enjoy crisp, clean water with our advanced carbon filtration. OUTLET 2 → Get the ultimate in purity with carbon and reverse osmosis filtration.
- **Hassle-Free Filter Changes:** Quick change filters with automatic ceramic valve shutoff ensure a seamless, leak-proof experience.
- **Integrated Smart Monitoring:** Keep track of your system's performance and receive timely alerts to maintain peak operation.
- **Efficient Wastewater Management:** Smart control of wastewater flow reduces waste and extends the life of your RO membrane.
- **Leak Protection:** Advanced monitoring keeps your home safe from unexpected leaks.
- **Fast Rinse Technology:** Designed to maintain the longevity of your RO membrane for years of reliable service.
- **Prevent TDS Creep:** An innovative feature to ensure consistent water quality.
- **Smart TDS Monitoring:** Automatically adjusts flow rates to optimize efficiency and extend the life of your RO membrane.
- **Auto and Manual Flush Options:** Keep your system running smoothly with both automatic and manual flush features.
- **User-Friendly Maintenance:** Filters and membranes are easy to replace, keeping your water pure with minimal effort.
- **Built to Last:** A one-piece internal manifold minimizes leak points, offering unmatched reliability.
- **Life Indicators:** Convenient RO and filter life indicators ensure you always know when it's time for maintenance.
- **Automatic Water Shutoff:** Ceramic internal valves shut off water supply during filter changes, preventing accidental leaks.

TANKLESS RO

Improves Taste, Reduces Odor

Brita PRO® Tankless Reverse Osmosis System

This system delivers long-lasting performance with durable carbon fiber filters, advanced ceramic valve components backed by a lifetime warranty, built-in leak detection for added protection, and quick, easy maintenance for everyday convenience.

Optimal for Multiple Uses

- Ideal for drinking water systems
- Perfect for point-of-use dispensers
- Compatible with refrigerator water filtration

Flexible performance for a wide range of household setups

Advanced Water Purification

- Utilizes tankless reverse osmosis technology
- Integrates advanced carbon fiber media
- Provides clean, safe, great-tasting drinking water

Top-of-the-line filtration for superior water quality

Patented Advanced Ceramic Valve Components

- Built to last a lifetime
- Engineered for superior durability and reliability
- Maintains integrity under continuous use

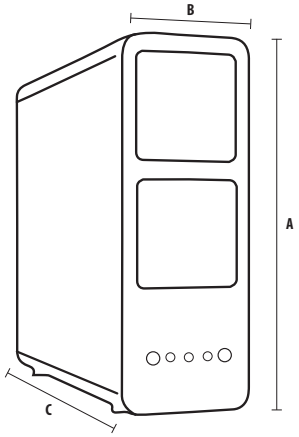

Long-term performance with proven strength

Easy Maintenance Quick Installation

- Simple, fast filter replacement
- Streamlined installation process
- Low-maintenance, dependable system

Designed for everyday convenience and long-term dependability

System Specifications

System Model Number	BPRO600TAR
Tankless RO Filter	BPSWRX.259.120
Tankless RO Membrane	BPSWRX.259.119
A measurement	17.5 in
B measurement	5.6 in
C measurement	15.3 in

CAUTION: **DO NOT** use with water that is microbiologically unsafe or of unknown quality, without adequate disinfection before or after the system.
