SYSTEM TYPE

Whole House

CATEGORY

Platinum Series / Leak Detection

SYSTEM PARAMETERS

WIRELESS LEAK DETECTION SYSTEM
with automatic water shut-off

PRODUCT FEATURES

- Notification Alerts
- Automatic Water Shut-Off
- Wireless Multi-point monitoring
- Supports up to 5 detectors
- Wireless water immersion detector is powered by a 12V/23A dry battery which has a battery life of up to 420 days
- Control Valve has a built-in rechargeable Lithium battery backup, which can last for 24 hours in the event of a power failure
- Install location: main water inlet pipe
- Standard package: 1 detector
- FCC and UL approved

1 YEAR WARRANTY
WORKMANSHIP AND MATERIALS

NSF

SYSTEM PARAMETERS

WIRELESS LEAK DETECTION SYSTEM with automatic water shut-off

About

This water protection system continuously monitors your home for leaks and automatically shuts off the water supply at the first sign of trouble—helping prevent costly damage and providing peace of mind.

The system integrates a main control valve with wireless water immersion detectors to provide multi-point monitoring across the home. Upon detecting water, the detectors transmit a signal to the control valve, which automatically closes to stop water flow. Designed for reliability, the system supports multiple detectors and features long-life batteries with backup power for uninterrupted operation.

01 DETECT

- Water reaches detector probe
- Indicator light flashes (≤ 10 seconds)

02 ALERT

- Detector sends signal wirelessly
- Buzzer alarm activates

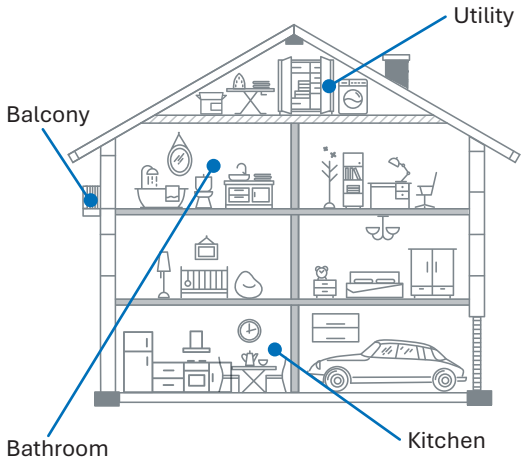

03 PROTECT

- Main control valve automatically closes
- Water supply is cut off immediately

04 RESTORE

- Clean & dry detector
- Press & hold “Switch / Select”
- Green “On” light confirms monitoring resumes

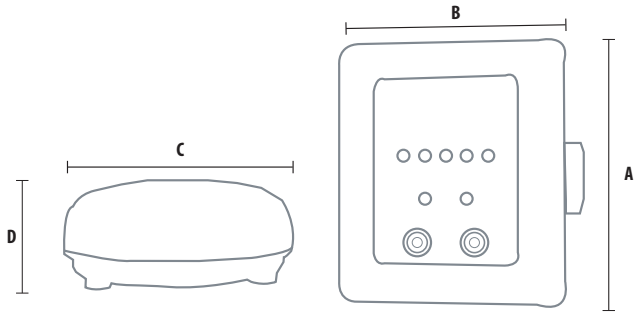

Wireless Multi-Point Monitoring

The system supports up to five wireless water immersion detectors (one included), providing whole-home leak monitoring with reliable wireless signal transmission under typical installation conditions.

System Specifications

Part # - Whole-house leak detector with sensor	**BPF1041**
Part # - Leak detector sensor	**BPF104F**
A measurement	4 in
B measurement	3.25 in
C measurement	3 in circumference
D measurement	1 in
